

1st Anniversary

Serani

Remember our first kiss remember our first dance
You love when I make you laugh, laugh, laugh, laugh
Remember our first date, 12 months have passed
I think its time we celebrate, celebrate Our first anniversary, I know that we have a future, yeah.
Celebrate, yeah x2
Our first anniversary Oh la la la, Oh yeah yeah yeah We've had good times and bad
You hate when I get mad
Cherish our memories
Learn from our mistakes They said we wouldn't make it this long
But our love is strong
This is the day that we celebrate Our first anniversary, I know that we have a future yeah.
Celebrate, yeah x2
Our first anniversary I promise, to be with you and only you
I promise, I swear that I'll love you its true
I promise, to love you always
I promise I'll never forget the day we celebrate
Our first anniversary, I know that we have a future, yeah.
Celebrate, yeah x2
Our first anniversary
