

Everlasting Harmony

Mario Biondi

I wanna love you forever
I want you!
Teach me tonight
Time is a lover no other
Now will you hold me
tight?!

My plane is kiss you all over
And give you pleasure till
Light
Cause

Come on give me some baby
I'm gonna take you on flight
Time is without sense of
Measure You know how!
Hold me tight!

My plane is kiss you all over
I'm gonna please you
Tonight
'cause you, you're my
everlasting harmony oh you
I wanna love you forever
We're gonna drive "us"
insane
Love is a crazy high
mountain
We'll never come down
again
I know you want me! Say
when!
And you'll my everlasting
Harmony!
