

# Words

## Train

I'd give anything but I won't give up on you  
I'd say anything but not goodbye  
I will run with your changes and I'm always on your side  
And there's not a word that I've ever heard  
That would make me change my mind Words they'll try to shake you  
Don't let them break you or stop your world from turning  
When words keep you from feeling good  
Use them as firewood and let them burn Like stones in your pocket people try to wear you down  
Someone always wants to take the love you've found  
So let's run with these changes and I want you by my side  
And there's not a word that I've ever heard  
That could make me change my mind Words they'll try to shake you  
Don't let them break you or stop your world from turning  
When words keep you from feeling good  
Use them as firewood and let them burn  
Let them burn, let them burn Underneath every word somebody's heart been broken  
With or without words we try to forget Words they'll try to shake us  
Don't let them break us or stop our world from turning  
When words keep you from feeling good  
Use them as firewood and let them burn Words they'll try to shake you  
Don't let them break you or stop your world  
Stop your world from turning 'round  
When words keep you from feeling good  
Use them as firewood and let them burn  
Let them burn, let them burn
