Chaos - Creation

Caliban

A New World Order decide the chaos,
to daze our minds and to keep us blindWe`re blinded and followed without rhyme or reason
A government charade - the highest form of treason
We need to burst these chains of oppression
We need to rise and walk the path of liberationRight here, right now - light up the freedom flame
Tonight - this is our time
Ignite the fire in your hearts tonight
Right here, right now - wake up and make a change
Tonight - this is our time
Ignite the fire in your hearts tonightCreate a new chaos - and get in motion
With no retreat and no surrenderWe need to converge and set the streets on fire
We need to bring down this corrupted empire
Smoke is everywhere - >>freedomThe end is near so kiss the tyrants goodbye
Right here, right now - light up the freedom flame
Tonight - this is our time
Ignite the fire in your hearts tonight
Right here, right now - wake up and make a change
Tonight - this is our time
Ignite the fire in your hearts tonight
