Stuck

The Waifs

You've been blind since you met him,
Girl you can't see a thing.I can see your hands are tied,
Just as sure as they're behind your back.Been putting up with him putting you down for too long now,
It's given him the upper hand.
The woman in you can make him cry he begs for more,
You mistake it for love, but you don't feel a thing,
You don't feel a thing.Stuck, in the wrong place,
Stuck, at the wrong time.
Stuck, you're in the wrong place, at the wrong time.Move on move on move on,
You'd be better off on your own.
Cut the ties that hold you strong
What's the point in hanging on?
The feeling left you long ago,
Now there's a space where nothing grows.Stuck, in the wrong place,
Stuck, at the wrong time.
Stuck in the wrong place, at the wrong time.How many times have you said to yourself,
I feel like I'm doing this for somebody else?
Not getting enough of the things I need,
This love is bleeding me,
Every word I speak is true,
Believe me when I say that you areStuck in the wrong place,
Stuck in the wrong place,
Stuck in the wrong place at the wrong time, time time time.Stuck in the wrong place,
Stuck, in the wrong place,
Stuck in the wrong place at the wrong time.You're in the wrong place, at the wrong time.Stuck in the wrong place,
Stuck in the wrong place,
At the wrong time.
