## Darius Rucker

Got a baby girl sleepin' in my bedroom  
And her momma laughing in my arms  
There's a sound of rain on the rooftop  
    And the game's about to start  
I don't really know how I got here  
    But I'm so glad that I did  
    And it's crazy to think that one little thing  
    Could have changed all of this  
    Maybe it didn't turn out like I planned  
    Maybe that's why I'm such, such a lucky man  
    For every stoplight I didn't make  
    Every chance I did or I didn't take  
    All the nights I went too far  
    All the girls that broke my heart  
    All the doors that I had to close  
    All the things I knew but I didn't know  
    Thank God for all I missed  
'Cause it led me here to this  
    Like the girl that I loved in high school  
    Who said she could do better  
    Or the college I wanted to go to  
    Till I got that letter  
    All the fights and the tears and the heartache  
    I thought I'd never get through  
    And the moment I almost gave up  
    All led me here to you  
    I didn't understand it way back when  
    But sittin' here right now  
It all makes perfect sense  
    Every stoplight I didn't make  
    Every chance I did or I didn't take  
    All the nights I went too far  
    All the girls that broke my heart  
    All the doors that I had to close  
    All the things I knew but I didn't know  
    Thank God for all I missed  
'Cause it led me here to this  
    Oh I cried when my momma passed away  
    And now I got an angel  
    Looking out for me today  
So nothing's a mistake  
    Every stoplight I didn't make  
    Every chance I did or I didn't take  
    All the nights I went too far  
    All the girls that broke my heart

All the doors that I had to close  
Everything I knew but I didn't know  
Thank God for all I missed  
'Cause it led me here to thisIt led me here to this
