

Walkin' With a Mountain

Mott the Hoople

A mountain train's coming down the track
She ain't wasting time
She's carrying me 'cause I'm going back
Right to the Delaware line She knows well, I ain't been anywhere
Because I crawl back every time to her Walkin' with a mountain
Walkin' with a mountain Troubles and tears, I'll take it in years
I left so many behind
I may be a train rearranged
Who knows what I'll find But everything's better in my life I know
I can face any grades that I'm on Walkin' with a mountain
Walkin' with a mountain I'm walkin' with a mountain
Walkin' with a mountain When she talks to me
I know she sees where I'm heading to
She sits, winks, takes it all in
Just admires the view And if I had a choice in life
I'd take that mountain for my wife I'm walkin' with a mountain
Walkin' with a mountain
Walkin' with a mountain
Walkin' with a mountain Walkin' with a mountain
Walkin' with a mountain
Walkin' with a mountain
Walkin' with a mountain Jumping Jack Flash, it's a gas
Jumping Jack Flash, it's a gas
Jumping Jack Flash, it's a gas
Jumping Jack Flash, it's a gas
Jumping Jack Flash, it's a gas
