I Won't Forget

Shining

You will forget the painYou will forget the strainThe iron taste of shameYou'll forget the hurting gameThe night, what I becameThe needle and the chainMy dear old brother CainI will not forget your nameCold dish, cold dish of revengeCold dish, cold dish of revengeI keep a spider in my netIf you curse the rain, you will get wetI won't forgetI won't forgetSee where these lies all lie
They lie here side by sideThey hide inside my mindBehind the silence of my eyesThey hide between your thighsThe truth, the whole, and nothing butThe whole most clear to my eyeIs the gaping hole between your liesCold dish, cold dish of revengeCold dish, cold dish of revengeLong list, like a list of threatsWritten down around my neckI won't forgetI won't forgetI'll never forgetI won't forgetI won't forgetI won't forget
I won't forgetI'll never forgetI won't forgetI won't forgetI won't forgetI'll never forgetI'll never forget
