Cuddle Up

Catey Shaw

The snow is falling down
Outside my window
The roads are closed
There's nowhere to goAnd I wanna be with somebody
This time of the year
Is better this way
You're more then just anybodyIt's Christmas and
I want you to stayCome here baby
Why don't we cuddle up
I wanna cuddle upCome here baby
Why don't we cuddle up
I wanna cuddle upCome here baby
Why don't we cuddle up
I wanna cuddle up with you
