

County Girl

The Wooks

She holds down the bar
With a shine in her eye
She tells me her stories
She laughs and she cries
We sit and we talk for hours on end
Sheâ€™s working so hard but swears she canâ€™t win
The race
But sheâ€™s miles ahead

The girl from the county
sheâ€™s fine and sheâ€™s fair.
Red rosy lips, golden blonde hair the boys they all chase her
with fear in there eyes.
The girl from the county
tell you no lie

What is it she wants
In the love she canâ€™t find
Sheâ€™s looking for answers
Mountains to climb
I wish I could tell you
but Iâ€™m at a loss
I canâ€™t read a woman
That wonâ€™t show the cards
She holds
The Queen of our hearts

The girl from the county
sheâ€™s hotter than fire.
Love without anguish
her only desire
the boys they all chase her
with fear in there eyes
The girl from the county
Got nothing to hide

Apollo and daphne
her love is undone
He wants her so bad

But sheâ€™s on the run
An arrow of faith
She falls in his arms
cries father please help me
from breaking his heart.
Itâ€™s done
And the sweet laurel grows

The girl from the county
sheâ€™s fine and sheâ€™s fair
I know sheâ€™s going
but idk where
I dare you to chase her
With half hearted lust
The girl from the county
Sheâ€™s looking for love

Sheâ€™s looking for love
