

# Fun Night

Andrew W.k.

Yeah

We like to play and we do it all day

Because we got no worries

We make what we want

And then we take what we want

Because we're in no hurry

They don't know, where we won't go

'Cause we just like living

'Cause we make what we want

And then we take what we want

'Cause we hit the top and we won't stop

'Cause we're gonna have a

Fun night, fun night, fun night, fun night

Gonna get off, gonna get off, gonna get off

And have a fun night, fun night, fun night, fun night

Gonna get off, gonna get off, gonna get off

Won't go away and we heard what you said

Because we just don't need it

We just wanted fun and we're gonna get some

And you better believe it

You won't know and we won't fucking go

We just keep on living

We always get what we want

We still get what we want

'Cause we're never gonna stop

'Cause we're gonna have a

Fun night, fun night, fun night, fun night

Gonna get off, gonna get off, gonna get off

And have a fun night, fun night, fun night, fun night

Gonna get off, gonna get off, gonna get off

We get off, we get off 'cause we do what we want

We get off, we get off 'cause we do what we want

We get off, we get off 'cause we do what we want

We get off, we get off 'cause we do what we want

We never stop, we never stop, we never stop

We never stop, we never stop, we never stop

We never stop, stop, stop

'Cause we're gonna have a

Fun night, fun night, fun night, fun night

Gonna get off, gonna get off, gonna get off  
And have a fun night, fun night, fun night, fun night  
Gonna get off, gonna get off, gonna get off  
We get off, we get off 'cause we do what we want  
We get off, we get off 'cause we do what we want  
We get off, we get off 'cause we do what we want
