

# Our Paths May Never Cross

[George Strait](#)

Lady, I know you're out there somewhere  
Like me you're feeling lost  
Maybe right now we both need each other  
But our paths may never cross People like us never find each other  
Love is our greatest loss  
Baby, I know you're out there somewhere  
But our paths may never cross We're two people that should be together  
'Cause we're lonely at the very same time  
But there's a million, too many good reasons  
Why your love can never be mine Maybe this song was written for you  
Listen and don't turn it off  
I wish you could learn it  
And come sing it with me  
But our paths may never cross
