

# Chances

## Five for Fighting

Chances are when said and done  
Who'll be the lucky ones  
Who make it all the way  
Though you say I could be your answer  
Nothing lasts forever  
No matter how it feels today Chances are we'll find a new equation  
Chances roll away from me  
Chances are all they hope to be  
Don't get me wrong, I'd never say never  
'Cause though Love can't change the weather  
No act of God could pull me away from you  
I'm just a realistic man  
A bottle filled with shells and sand  
Afraid to look beyond what I could lose  
When it comes to you  
And though I'd see us through Chances are we'll find two destinations  
Chances roll away from me  
Still chances are more than expectations  
But possibilities over me 8 to 5 we're 2 to 1  
Lay your money on the sun  
Until you crash what have you done  
Is there a better bet than love  
What you are is what you bring  
You gotta cry before you sing Chances Chances lost are hope's torn out pages  
Maybe this time Chances are we'll be the combination  
Chances come and carry me  
Chances are waiting to be taken  
And I can see Chances are the fascination  
Chances won't escape from me  
Chances are only what we make them  
And all I need
