

Mean Monsoon

[Dan Auerbach](#)

The summer sun has got me crazy
Playing tricks with my poor mind
You said you had another man
And I said I guess I didnt mindWhats he got that I aint got
Besides stability
Can he drive all night and never stop
Well I guess youll have to wait and seeI heard a voice, call to me
Saying some day youre gonna be freePut a dollar in the jukebox
But dont you play our favorite tune
Cause seeing you dance to that
Is only gonna bring me to ruinSomeday sunny sounds will soothe me
But it wont happen soon
Cause the cloud you left hanging over
Is raining like a mean monsoonI heard a voice, call to me
Saying some day youre gonna be free
