

[Get Off Your] High Horse Lady

Oasis

Get off your high horse Lady, I don't need a ride tonight
Get off your high horse lady, I don't need a ride tonight
Lay down I hear your soul song singing from a fire in the sky
I hear your soul song singing from a fire in the sky

Rain down

Rain down Get off your high horse lady, I don't need a ride tonight

Get off your high horse lady, I don't need a ride tonight

Lay down
