Sad Dream

Sky Ferreira

Poured myself a warm glass, and laid awake
I prayed that with my soul to take
I thought about you all day, yeah we have the same face
I fell asleep so confused, parts of me remind me of you
How could I ever wish away?

(Chorus)
Only ever in dreams I wrap my arms around you. And standing in the water with me, I can tell you what I wanna tell you. And I hope its not just a bad dream, hope its not just a sad dream
I wake up and I hear my phone ring, I hear your call and I let my phone ring. When I got into my car and drove away, I listened to the stereo play. I live by my own laws, I stick to my guns and hold my head up to midnight sun. Hoping you were tender in fate, the fire baptisim engulfed in my shame.
(Chorus)
Only ever in dreams I wrap my arms around you. And standing in the water with me, I can tell you what I wanna tell you. And I hope its not just a bad dream, hope its not just a sad dream (2x)
