Take Me Away

Chase Coy

Take me away to January
I'm done with this year
I'm tired of everyone here
I just need some time alone
Before I'm ready to come back homeThere's gotta be something else out there for me
I could feel it in my heart the day I started to dream
There's more than this Midwestern town
I can't let this place keep me downSo I tell myself
There's a girl out on the coast of California
There's a world out there and it's waiting for you
And I can hear they're calling my name, tonightTake me away I need the sand and the waves
The sunset and let's not forget those warm Autumn days
I just need to get out of here
And visit the coast just to see herThere's gotta be something else out there for me
I could feel it in my heart the day I started to dream
There's more than this Midwestern town
I can't let this place keep me downSo I tell myself
There's a girl out on the coast of California
There's a world out there and it's waiting for you
And I can hear they're calling my name, tonightThere's a girl out on the coast of California
There's a world out there and it's waiting for you
And I can hear they're calling my name, tonightTake me away to January
I'm done with this year
I'm tired of everyone here
I just need sometime alone
Before I'm ready to come back home
