

Ebony Eyes

The Stylistics

I talk about her all day long (talk about her all day long)

At work it seems I do things wrong

Thinking about the girl I love

My ebony eyes

She is everything a girl should be

Sometimes I find it hard to see

Why she loves a guy like me

My ebony eyes

Sweet little ebony eyes

Girl, you got me hypnotized

Talking about the girl I love

My ebony eyes

There will never be

Anyone as good for me

She's the only girl

I'll ever love (the only girl that I'll ever love)

Ebony eyes

My ebony eyes

Sweetest little girl alive

My ebony eyes

Talking about the girl I love

My ebony eyes

Oh, loveliest girl alive

My ebony eyes

Talking about the girl I love

My ebony eyes

Oh, talking about the girl I love
