Endless Night (DJ Payback Mixshow Edit)

Cynthia

The sun went down and the night came through.While my heart still laid deep inside for you.Wishing and hoping for just one more try.I refuse to wave the love we shared good-bye.But it's not to late, no need to make you wait.Your always in my heart no need to hesitate.It took us so much time to make it right.So darling don't you wait it's really not to late.(CHORUS)So please make this an endless night.With just a little love we can make it right.But still, I know always loved you so.I hope this endless night wont let you go.Days pass by and still I wonder why.The times we shared seem to slip us by.The moments we spend were so few but true.So come back to me I'm still in love with you.And though I know it may not be the same.I'll try my best for now no more time for games.Cause deep inside I know our love is strong.Knowing you and I who would always belong.(REPEAT CHORUS)But it's not to late, no need to make you wait.Your always in my heart no need to hesitate.It took us so much time to make it right.So darling don't you wait it's really not to late.(REPEAT CHORUS)I always loved you so.Was afraid to let you know.What you understand is true.That I'm still in love with you.I love you.I need you to love me too!Oh! be mine.And I will love you all the time.I always loved you so.Was afraid to let you know.What you understand is true.That I'm still in love with you.
