

Trace of Red

Leon Majcen

Verse 1:

So, baby tell me
I ainâ€™t the question
But time keeps running out of time
So, baby kill me
If you donâ€™t get me
Iâ€™d be lying if I said I get myself

Chorus 1:

So you go out, and smoke your cigarettes
Cause Iâ€™m over here, catching silhouettes
Feelings aside, when I look you in the eyes
And I wonâ€™t see a single trace of red
A single trace of red

Verse 2:

Well I worry
That Iâ€™m crazy
Do I really see the world as it is?
Iâ€™m always doing
And never thinking
Cause when I think, yeah, I donâ€™t seem to do

Chorus 2:

So you go out
And smoke your cigarettes
Iâ€™m just tryna hide the whiskey in my breath
The time ticks by
As I look you in the eyes
And I wonâ€™t see a single trace of red
A single trace of red

Verse 3:

Why donâ€™t you ask me
How Iâ€™m doing
Cause if you did youâ€™d know Iâ€™m doing fine
So lose your conscience
And donâ€™t feel guilty

Cause I donâ€™t wish that guilt on anyone

Chorus 3:

So take your time

As the bottle starts to dry

Youâ€™ll be waiting for the sun to start to shine

Life goes by

As I look you in the eyes

And I wonâ€™t see a single trace of red

A single trace of red

A single trace of red..
