

Zoal, Face Dancer

Grimes

Everybody thinks that I'm boring
Many people think I've got no clue
And we do with all the (loving you would say?)
and we do with all the things (you do?)
when you say my name I know you love me
when you touch my arm I know you care
when you look at me then I see your face
and then I see the light, I know I'm there

Everyone thinks that I'm boring
Everybody knows that I(?)
love to do with all my heart, you(had said?)
what to do with (in the ..?) it's blue
when you touch my arm I know I love you
when you say my name I know you care
if you ever had a (...? a bluetooth?)
can you see the light from (my..trompair?)

ooh~

ooh~
