

Tarantula

Wavves

Stopping to think
I got you in mind
Stopping to think
Something to drink
I got you in mind
Not just the good times but everything Well come on
It's gone on way too long
Oh yeah, come on
Come on
It's gone on way too long
Oh yeah, come on Every morning
Toxic waste
Everything sucks
If you don't get your way Grinding my teeth
(Grinding my teeth)
Biting my tongue
(Biting my tongue)
Grinding my teeth Try not to speak
(Try not to speak)
Try to have fun
(Try to have fun)
Try not to ruin it for everyone Well come on
It's gone on way too long
Oh yeah, come on
Come on
It's gone on way too long
Oh yeah, come on Every morning
Toxic waste
Everything sucks
If you don't get your way Every morning
Toxic waste
Everything sucks
If you don't get your way Every morning
Toxic waste
Everything sucks
If you don't get your way Every morning
Toxic waste
Everything sucks
If you don't get your way Every morning

Toxic waste
Everything sucks
If you don't get your way Every morning
Toxic waste
Everything sucks
If you don't get your way
