Pretty Face Divided

Neon Horse

Half a smile half a scowl makes your pretty face
Divided in two.
Thats alright, thats yourlife, its not complicated.
It's the best you can do.

Trouble comin', people runnin', til the light goes out.

(chorus)
It's rainin', its pourin', show me something I aint seen before
'Cause you're callin', given to falling,
Thats right I'm miss meteor

None to give, none that lives,
Walking kiss of death looks good on you.
I'll be gone, when you're done,
be sure to let me know the great things that you do.

Trouble comin', people runnin', til the light goes out.

(chorus)

That's right I'm Miss Meteor.

Trouble comin', people runnin', til the light goes out (2x)
(repeat chorus)
