Tell me where you wanna go
Take yo feelings let em go
When its tile flex they some no shows
I got that money that bankroll
Diamonds are forver
I know that im clever
Told em watch the marjellas
Aye yo watch my yeezys
Just best believe me
Im on the train like im midway
I think I been for 10 days
Im back to back on some hoe Shiiii
That's ice water on some cold Shiiii
Man I really need to focus

DIamonds are forver

3 stripe Adidas
Dont rock them
Filas
They thought It was over
Im drake gone control her
Got bands in the rover
No need for the fakes
I ain't got no time
These diamonds all shine
Im taking yours
And im getting mine
