

Blood Shot Adult Commitment

Madrugada

We could steal away
But it's not like we're really gonin' somewhere
Yeah we could steal away
But it's not gonna happen Yeah we could steal away
Ah we could leave today
We could run away So why don't you leave through the door
You've felt this way before
You've felt this way
-it's good
Hey, hey, hey, hey, hey I've got this bloodshot adult commitment
I get my kicks when I get old
Bloodshot adult commitment
For now I do as I've been told
Bloodshot adult commitment
Old enough to pay,
Young enough to kick around, ah to kick around
Bloodshot adult commitment
Piss my guts into a hole in the ground
Ah, ah, ah, ah, yeah
Bloodshot adult commitment
Lends no hand not until you beg, please, please man
Bloodshot adult commitment
Piss running down the inside of your leg
Now you know I'm far from satisfied
Bloodshot adult commitment
Goggle eyed man says: I think you should have this,
You say: I don't need this, no I don't need this, oh
Bloodshot adult commitment
Slips you a note, you say: I can't read this
Ah, I can't read this Bloodshot adult commitment
Now you know I'm far from satisfied
Some day, some day, so long
Yeah we could steal away
Ah, let them wait today
Ah we could steal away Yeah, we could steal away
We could leave today
Ah we could run away
Oh, oh, oh, oh I've got this bloodshot adult commitment
Bloodshot adult commitment

Bloodshot adult commitment
Bloodshot adult commitment
Now you know I'm far from satisfied
You know I'm far from satisfied
You know I'm far from satisfied
You know I'm far from satisfied
Bloodshot adult commitment
Bloodshot, bloodshot, bloodshot
We could leave, come along
But you know, don't you, don't you, alright
