

Thunder and Lightning

Madness

Don't look back or make a sound
Or change your mind in any way
I wouldn't want to turn you round
Even if I thought you'd stay

You take me further than I ought to be

Then thunder and lightning
When it's over
Then thunder and lightning
Turn me over

I had to get up and out take a walk in the dark
To clear my mind for the very last time
Washed away in the cold blue rain
I know where I'm from and I know where I'm going to
Say goodbye for the very last time
Washed away in the cold blue rain

Stop thief making off with my heart
Even if I caught you so
While she tears me apart
Turn around to see her go

Then thunder and lightning
When it's over
Then thunder and lightning
Turn me over

Don't look back or make a sound
Change your mind in any way
I don't want to turn you round
Even if I thought you'd stay

[Repeat: x 2]

Then thunder and lightning
When it's over
Then thunder and lightning
Turn me over
