

Invincible

The Beautiful Bodies

You ever have one of those days
When you're so fed up
You might not make it through
Oh but you do
You ever have one of those days
Where your mind won't stop
You think it tells the truth
You get so confused
I know you don't think you'll make it out alive
But I know you'll see this through
I don't give a damn about running with the in crowd
I don't give a fuck about being this out loud
Say it now, say it now, we are invincible
I don't give a shit about what you're thinking
I don't give a thought about what you're drinking
Say it now, say it now, we are invincible
Back to black your mind is full
You and I know that were so far behind
But there's still time
Every day is a chance to change
Gotta make a move
It's something you must prove
You get so confused
I know you don't think you'll make it out alive
But I know you'll see this through
I don't give a damn about running with the in crowd
I don't give a fuck about being this out loud
Say it now, say it now, we are invincible
I don't give a shit about what you're thinking
I don't give a thought about what you're drinking
Say it now, say it now, we are invincible
I never thought that there was an answer
I never thought there ever was an answer
I never thought that there was an answer
I don't give a damn about running with the in crowd
I don't give a fuck about being this out loud
Say it now, say it now, we are invincible
I don't give a shit about what you're thinking
I don't give a thought about what you're drinking

Say it now, say it now, we are invincible
