

# I Love You

Amy Grant

You were pretty crazy,  
Back when we fell in love.  
Wanting to be everything,  
That I would be proud of. Hours we spent dreaming,  
How we'd beat the odds.  
Now the truth has hit us.  
Life is very hard.  
Life can be so hard. [Chorus]  
I love you.  
Deeper than I ever dreamed of,  
I need you. (I need you.)  
Staying here 'til we can work it out,  
I want you.  
Knowing that through all the changes,  
I love you. (I love you.)  
Somehow I just had to tell you now.  
(Yeah) Oh, to stay your princess,  
If I only could.  
If you never saw the rotten;  
Only saw the good. You'd still be prince charming,  
But we would never know,  
How it's in the darkest times,  
True love finally grows.  
Come on true love grow. [Chorus] You got me, I got you.  
Sometimes it takes a little working through,  
But I can tell you now... [Chorus: x 2] (I need you.)  
(I love you.)  
(I need you.)  
(I love you.)
