

# Want Ya!

Darin

C'mon, move your body girl  
I wanna see you shaking  
Like that  
Yeah  
Woo!  
Walk into the party  
I can feel your eyes on me as I walk in  
Let's get this business started  
It's time to make my move  
U only get one shot  
I push up on your body  
Now I finally have us standin' face to face  
Away from everybody  
I gotta throw a line  
To show you what I've got  
I say shorty here's my cue  
Cuz I just had to talk to u  
And I can tell you want it too  
I said I need to get with u  
Girl, it's goin' down tonight  
I'm gonna make you mine  
Can't you see I want ya, I want ya girl  
I've been checkin' you all nite  
So what's the point of lying  
Now can't you see I want ya I want ya girl  
Now I can be committed  
I'll work that body like a nine to five  
I might as well admit it  
  
And as I grab your hips  
I watch you lick your lips  
U know I'm about to kiss u  
Can't wait to taste the honey from the hive  
To think I almost missed u  
And now I'm standing here about to  
Cash my chips  
I say shorty here's my cue  
Cuz I just had to talk to u  
And I can tell you want it too

I said I need to get with u  
Girl, it's goin' down tonight  
I'm gonna make you mine  
Can't you see I want ya, I want ya girl  
I've been checkin' you all nite  
So what's the point of lying  
Now can't you see I want ya I want ya girl  
Yay  
Ooh girl, I think its time we get together  
Now everybody dance  
Darin (trackslammer)  
C'mon c'mon c'mon  
Gonna make you mine  
Girl, it's goin' down tonight  
I'm gonna make you mine  
Can't you see I want ya, I want ya girl  
I've been checkin' you all nite  
So what's the point of lying
