## DOMINION

Depression you have to flee  
You no Longer have dominion over me  
Sickness you have to flee  
You no Longer have dominion over me  
No longer have,  
Rule over me  
You no Longer have dominion over me  
Repeat after Leader (unison)  
Poverty you have to flee  
You no Longer have dominion over me  
My sin you have to flee  
You no Longer have dominion over me  
No longer have,  
Rule over me  
You no Longer have dominion over me  
The bible says, if I resist; You have to flee  
And nothing on earth can pull me away from you love toward me  
You no Longer have dominion over me  
Over me is love  
Over me is joy!  
You no Longer have dominion over me  
3 part  
Over me is peace  
Over me is freedom  
You no Longer have dominion over me (unison)  
split  
My soul is resting  
It's such a blessing  
You no Longer have dominion over me  
It's Over  
(It's Over)  
(repeat this last part repetitively!!!)
