Agape

Bear's Den

Agape
Please don't dissipate
I know that I've got this all wrong
I'm reaching out
To touch your voice
But baby I'm clutching at strawsEven though your words hurt the most
I still want to hear them
Every day
You say let it go,
but I can't let it go
I wanna believe every word that you sayFor I'm so scared of losing you
and I don't know what I can do about it
About it
So tell me how long love before you go
and leave me here on my own
I know itI don't want to know who I am without youAgape
Please don't dissipate
Yeah, I know that I've got this all wrong
I'm reaching out
To touch you now
But baby I'm clutching at strawsFor I'm so scared of losing you
and I don't know what I can do about it
About it
So tell me how long love before you go
and leave me here on my own
I know it
I don't want to know who I am without youI don't want to know
I don't want to know
I don't want to knowFor I'm so scared of losing you
and I don't know what I can do about it
About it
So tell me how long love before you go
and leave me here on my own
I know it
I know it
So tell me how long love before you go
and leave me here on my own
I don't want to know who I am without you
I don't want to know who I am without you
