Never Gone

Colton Dixon

Lights off, a shot in the dark
We get lost when we're playing a part
We lay blame like we know what's best
It's a shameWe break when we fall too hard
Lose faith when we're torn apart
Don't say you're too far gone
It's a shame
It's a shameI'm still standing here
No I didn't disappear
Now the lights are on
See I was never goneI let go of your hand
To help you understand
With you all along
Oh, I was never goneThere's space between our lives
Hard to face, but I know we try
To revive, bring it back to life
Don't walk away
Don't walk awayI'm still standing here
No I didn't disappear
Now the lights are on
See I was never goneI let go of your hand
To help you understand
With you all along
OK, I was never goneI never ever left you
Never ever left you, no
I said I never ever left you
Never ever left you, no
And Jesus never ever left you
Never ever left you, no
Could seize the evil and the darkness
Now you know you're not aloneI'm still standing here
No I didn't disappear
Now the lights are on
See I was never goneI let go of your hand
To help you understand
With you all along
Oh, I was never goneI'm still standing here
No I didn't disappear
Now the lights are on

See I was never goneI let go of your hand
To help you understand
With you all along
Oh, I was never gone
