

Lullaby (feat. Laura Osnes)

[Jonathan Reid Gealt](#)

Close your eyes
go to sleep
Not a word
not a peep
Throw away
what you fear
When you wake
I'll be here

You will dream
of a land
Where the birds
build a band
Dancing bears
little sheep
Lots of toys
you can keep
You will fly
through the air
Blowing wind
in your hair

on a rock
flying fast
leave this world
in the past

Go to sleep
little you
Know that I
Love
You

Close your eyes
go to sleep
not a word
not a peep
throw away
what you fear
When you wake

i'll be here

I'll be here

I'll be here

ooh ooh
