Kindred The Family Soul

So many times you could have walked away
But I didn't have to say a word to convince you to stay
'Cause you know it and I know this thing is real
So we continue to learn and our love grows deeper still
Each day I watch you get better at this
Each moment I'm more and more convinced
We trust in love, we took the risk
We ran our own pace
We won our race
And I could never turn away
We've come so far
Stars look up at you baby
My heart belongs
Right here next to you baby
If I had just one wish
It would be to stay together
Stay together, let's grow together
It's not much to ask of us
I know we can do it
I always knew it
Always look at me the way you do today
Treat me like a friend
Listen to what I say
'Cause girl I'm with you, with you
All the way
I would never turn away
We've come so far
Stars look up at you baby
My heart belongs
Right here next to you baby
We've come so far
Stars look up at you baby
I'm here baby
For you baby
My heart belongs
Right here next to you baby
We've come so far
Stars look up at you baby
My heart belongs
Right here next to you baby
Always comfort me
The same way you do today
Treat me like a friend
Listen to what I say
I would never turn away
We've come so far
Stars look up at you baby
My heart belongs
Right here next to you baby
