Infatuation

Juliana Theory

by brett detar
i should have known better than to breathe you in the first time i held you there for just a second but the mistake was mine now i can't take my hands off you i can't keep my hands off of you i thought i'd only hold you once more then i thought i'd let you go i thought once would be enough but i guess that wasn't so now i need you every day i need you more and more.
