

# Is What It Is

## She Keeps Bees

bow to the power  
make sure it knows  
how heavy it is  
be not completely  
consumed  
do not surrender  
is what it is  
it is  
it's that kind of life  
you are worthy  
i am worthy  
put me in the middle  
you better push a bit more  
how we are now  
do not surrender  
is what it is  
it is  
it's that kind of life  
you are worthy  
i am worthy  
needed to have it happen
