

Ganja

Echo Movement

Some they say
"Why'd they take my choice,
My way of life is my freedom's voice"

If the government cared about your health
Cigarettes and liquor [would] be off the shelf
Propaganda feeds the hungry beast
That government is best which governs least

Some they say
"Why'd they take my choice?"
Back in the day the people had no voice

In 1937 the FBN
Harry Anslinger and some shady men
They lied Congress saying marijuana kills
'Cuz hemp fibers threatened their paper mills
