Pussy Town

Machine Gun Fellatio

I like lips and eyes and mouth and smooth soft skin
I got long fingers - gonna draw you in
So put on my moan and take off your clothes
Slide down slow beneath your belly I goI'm going down, down, down, down, down, down, down,
To Pussy Town(yeah, baby...)You got satin silk sheen; you're a fine white glove
You're four time double cream; you're a fine black dove
I got long fingers - gonna draw you in
I like lips and eyes and mouth and smooth soft skinI'm going down, down, down, down, down, down, down,
To Pussy Town
To Pussy Town
To Pussy TownI like lips and eyes and mouth and smooth soft skin
I got long fingers - gonna draw you in
So put on my moan and take off your clothes
Slide down slow beneath your belly I goI'm going down, down, down, down, down, down,
Down, down, down, down, down, down,
Down, down, down, down, down, down, down,To Pussy Town
