Shake it and wiggle it make it pop
This is the part when your booty drops
Drop that thingThis is the part when your booty drops
Shake it and wiggle it make it pop
This is the part when your booty drops
Shake it and wiggle it make it pop, ok
This is the part when your booty drops

This is the part when your booty drops
Drop that thingPut your hands to the top of the groove
And then we just wind what you want bwoy
And then we just wind what you want yeahDrop that thing, drop that thingThis is the part when your booty drops
Shake it and wiggle it make it pop

This is the part when your booty drops
Drop that thingPut your hands to the top of the groove
And then we just wind what you want bwoy
And then we just wind what you want yeahThis is the part when your booty drops
Shake it and wiggle it make it pop
