

Cause Of Death: Suicide (Club Edit)

Suicide Commando

One death
One try
Are you sure ?
Do you really want to die ?
One life
One cry
Go away
You're nothing but a lie
One shot
And you'll die
In the head
In the centre of the eyes
One gun
One try
My god,
Do you really want to die ? Do you really want to die ? One death
One try
Are you sure ?
Do you really want to die ?
One step
One try
on the edge
Do you really want to try
One tempt
One cry
I can't cope
I no longer want this life
One rope
One try
My god,
Do you really want to die ? Do you really want to die ?
Do you ?
