

When the Angels Cry (Single Version)

Allure of Souls

Come to me out from the shadows
Lay with me stay like a lover
I can see everything that you are

Take my hand in the silence
Break my heart, a perfect moment
Touch my soul
Here in the dance that lasts forever

When the angels cry
(lamentaŕiunt angeli)
How we live and die
(cum et vivemus morimus)
When the angles cry
(lamentaŕiunt angeli)
Tears burn from the sky

See you eyes so full of sadness
Hear your voice rise from the darkness
I can feel everything that you are

When the angels cry
(lamentaŕiunt angeli)
How we live and die
(cum et vivemus morimus)
When the angles cry
(lamentaŕiunt angeli)
The tears burn from the sky

When the angels cry
(lamentaŕiunt angeli)
How we live and die
(cum et vivemus morimus)
When the angles cry
(lamentaŕiunt angeli)
Tears burn from the sky

Ego vinctus in vigour amori
Ego vinctus in vigour amori
Ego vinctus in vigour amori

Ego vinctus in vigour amori

Ego vinctus in vigour amori
