Just Another Lonely Night

Johnny Gill

[Verse 1]
I can see you in each of drop rain
As it falls all through the night
Haunting memories keep me awake
It's been so long since I held you tightI thought that I had you out of my heart
But I don't, no
I imagine you here with me
But I guess it's gonna be...[Chorus]
Just another lonely night
And I'm thinking about you
(Just another lonely night)
Oh, just another lonely night
Wanting your love[Verse 2]
What can I do in times like this
When it's you I miss so much
In the darkness, your voice I hear
Calling me from deep, deep, deep inside (Johnny)How can I get you out of my mind?
Nobody else's touch can make it right
So I try to forget about you
Looks like that's something I just can't do[Chorus]
Just another lonely night
Thinking about you
(Just another lonely night)
Oh, just another lonely night
(Just another lonely night)[Bridge]
I need you to be here with me
But I guess it's gonna be...[Chorus]
Just another lonely night
And I'm thinking about you
(Just another lonely night)
And it's just another lonely night
Wanting your loveOh, it's just another lonely night
And I can't live without you
(Just another lonely night)
Just another lonely night
Wanting your loveOh, it's just another lonely night
(Just another lonely night)
And it's just another lonely night
