Easy Love

R5

Lovin' you ain't easy
Nothin' ever is
But I will keep on fightin'
For a love like thisYou know I wouldn't have it
Any other way
Even when times get tough
I don't want no easy loveThis is a track for the guys with
One lady in their life
You wanna pull out your hair sometimes
But she's still your girlA love that lasts is like a unicorn
Holdin' on, has lost art form
Sometimes you wanna throw in the towel
But she's still your girlLovin' you ain't easy
Nothin' ever is
But I will keep on fightin'
For a love like thisYou know I wouldn't have it
Any other way
Even when times get tough
I don't want no easy loveThe second verse goes to the females
Rollin' their eyes when we fail
Make you wanna go and shop retail
But he's still your manAll we crash, undeniable
Dirtbags, we're professional
Sometimes you wanna throw in the towel
But he's still your manLovin' you ain't easy
Nothin' ever is
But I will keep on fightin'
For a love like thisYou know I wouldn't have it
Any other way
Even when times get tough
I don't want no easy loveI don't believe in "Nothin' lasts forever"
And every time you're feelin' down
I know we're gonna work it outAnd I know we can't live without each other
Ooh oh
Well nothin' worth havin' comes easy
And baby you got me singin'Lovin' you ain't easy
Nothin' ever is
But I will keep on fightin'
For a love like thisYou know I wouldn't have it

Any other way
Even when times get tough
I don't want no easy loveLovin' you ain't easy
Nothin' ever is
But I will keep on fightin'
For a love like thisYou know I wouldn't have it
Any other way
Even when times get tough
I don't want no easy love(Insert their hilarious outtake here!)
