

Free and Forever

Metatrone

At the end you have got to pay
Cowards and sinners without a faith
No respect for your awful actions
I'm worried for you, friends!
Now it's too late The game is over now
I'll make you'll pay forever
No one can take away from you
My hate My destiny shines in the night
As my will to be free and forever
No one knows which is the reason
I'm searching for to be
Free and forever with you
Take my hands to see where
You can find the joy to live
The sun's shining in the sky again
Don't be blind as you turn around
How many tears are flowing away
You feel so good if you watch to the ground
But Heaven is calling you
Aim your will! My destiny shines in the night
As my will to be free and forever
No one knows which is the reason
I'm searching for to be
Free and forever with you
Take my hands to see where
You can find the joy to live
The sun's shining in the sky again
My destiny shines in the night
As my will to be free and forever
No one knows which is the reason
I'm searching for to be
Free and forever with you
Take my hands to see where
You can find the joy to live
The sun's shining in the sky again
