

8th World Wonder (Elektrik Kompany Club Mix)

Kimberley Locke

Woke up early this morning, made my coffee like I always do.
Then it hit me from nowhere, everything I feel about me and you.
The way you kiss me crazy, baby you're so amazing. Seven days and seven nights of thunder,
The waters rising and I'm slipping under.
I think I fell in love with the eighth world wonder. I guess that I'm just falling deeper into something I've never
known.
But the way that I'm feeling, makes me realize that it can't be wrong.
You're love's like a summer rain, washing my doubts away. Seven days and seven nights of thunder,
The waters rising and I'm slipping under.
I think I fell in love with the eighth world wonder. It's only been a week, but it's coming over me.
It's making me believe that you're the one for me. Seven days and seven nights of thunder,
The waters rising and I'm slipping under.
I think I fell in love with the eighth world wonder. [Repeat x4]
