First Class Love

Teena Marie

I can give you all you need
A love that's guaranteed on a silver platter
I can fill your hopes and dreams of each and every hour
And make your nightmares shatter, well, shatter me
First class love for you from me
I'm gonna make you feel it, I'm gonna sign and seal it
Ain't no half steppin' from me to you
I'll give you all I've got and, baby, that's a lot
I can send you on an endless journey to the moon
And you don't even have to leave your room
I can give you blue skies twelve months out of every year
And make your troubles disappear
First class love for you from me
I'm gonna make you feel it, I'm gonna sign and seal it
Ain't no half steppin' from me to you
I'll give you all I've got and, baby, that's a lot
I can make you scream and make you crawl and make you plead
Baby, baby, baby, I'll fulfill your need
I can cool you off and heat you up at the same time
Baby, baby, baby, come enjoy the ride
First class love for you from me
I'm gonna make you feel it, I'm gonna sign and seal it
Ain't no half steppin' from me to you
I'll give you all I've got and, baby, that's a lot
First, first class love
I'm gonna make you feel it, can you feel my love?
First, first class love
I'm gonna make you feel, I'll give you all my love
First, first class love
I'm gonna make you feel, I'm gonna give you all my love
First, first class love
I'm gonna make you feel it, oh, can you feel it
Hit on this
Can you feel the first class love? It's sent from me to you
I can send you on an endless journey to the moon
Can you feel the first class love? It's sent from me to you
I can give you everything, now what you gonna do?
Can you feel the first class love? It's sent from me to you
I can send you on an endless journey to the moon

Can you feel the first class love? It's sent from me to you
I can give you everything, now what you gonna do?
Can you feel the first class love? It's sent from me to you
I can send you on an endless journey to the moon
Can you feel the first class love? It's sent from me to you
I can give you everything
