

# 3 Little Words

## Nu Flavor

Never believed in love at first sight  
But I believe what i'm feeling tonight  
Cause when I saw you across the room  
I felt my heart going boom boom boom  
I looked, I fell so hard  
Girl I know you can tell that  
I'm hooked on you, oh girl  
You know i'm falling for you because I looked, I fell so hard  
Girl I know you can tell that  
I'm hooked on you, oh girl  
You know I'm falling for you because  
One look in your eyes  
I knew we two would always be together  
And there are 3 little words that say it all  
I love you  
Girl I realize that I wanna be with you forever  
So SAY those 3 little words I wanna hear  
I love you I was waiting for a sign from you  
Hoping you'd feel the same way too  
When you looked at me and smiled  
My heart was going a thousand miles  
I stopped, turned around  
I tried to keep my feet off the ground  
As I stepped to you we touched  
I knew you were feeling it too because  
One look in your eyes  
I knew we two would always be together  
And there are 3 little words that say it all  
I love you  
Girl I realize that I wanna be with you forever  
So SAY those 3 little words I wanna hear  
I love you I know it's written all over my face  
And girl you can believe it's true  
That time could never erase these feelings I have for you One look in your eyes  
I knew we two would always be together  
And there are 3 little words that say it all  
I love you  
Girl I realize that I wanna be with you forever  
So SAY those 3 little words I wanna hear

I love you
