

Something New

Zendaya

I wanna try something, all night
I wanna try something, all night Don't know your name, but I guess I really don't care
I probably should wait, but I wanna let you go there
I wanna try something new, all night
I wanna try something new, all night
I wanna try something By the way you looking tonight
Only one thing comes to my mind
When the lights come on at two
I'll still be moving with you
Boy you're looking at nobody
Just my body Don't know your name, but I guess I really don't care
I probably should wait, but I wanna let you go there
I wanna try something new, all night
I wanna try something new, all night
I wanna try something Ah-ah (wanna try babe)
Ah (all night) ah ah babe Oh I, oh I, oh I
Baby, oh I, oh I, oh I
Baby Baby know what you doing tonight?
I see that look in your eyes
I feel the same, yeah yeah
Miss your lips girl when we kiss
Why don't we handle this?
Girl you know I need some affection Don't know your name, but I guess I really don't care
I probably should wait, but I wanna let you go there
I wanna try something new, all night
I wanna try something new, all night
I wanna try something Ah-ah I wanna try babe
Ah all night (ah-ah)
Ah babe This ain't forever baby, just tonight
Just sit back and take my direction now Don't know your name, but I guess I really don't care
I probably should wait, but I wanna let you go there
I wanna try something new, all night
I wanna try something new, all night , oh I Oh, oh (babe, I wanna try baby)
I wanna try baby (ooh babe)
Oh (girl give me that new) oh oh
I wanna try baby (oh, oh oh oh)
Ooh babe I like that new new boy I like that new (wanna try)
Give me that new-new boy, give me that new (wanna try)
I like that new new boy I like that new (wanna try)

Give me that new-new boy, give me that new (all night)
