

# Fools Fall In Love

## Elvis Presley & The Jordanaires

Fools fall in love in a hurry  
Fools give their hearts much too soon  
    Just put in two bars of stardust  
    Just hang out one silly moon  
Oh! They've got their love torches burning  
    When they should be playing it cool  
    I used to laugh but now I'm the same  
Take a look at a brand new foolFools fall in love just like schoolgirls  
    Blinded by rose colored dreams  
    They build their castles on wishes  
    With only rainbows for beams  
Oh! They're making plans for the future  
When they should be right back in school  
    I used to laugh but now I'm the same  
    Take a look at a brand new fool  
        All right!  
They've got their love torches burning  
    When they should be playing it cool  
    I used to laugh but now I'm the same  
        Take a look at a brand new fool  
        Take a look at a brand new fool
