Drinkage

Useless ID

we got off the plane, wasted again
we drank all the wine on the way to Japan!
Motoki dropped us off at Tokyo hands
no show tonight but we got us a plan!
no show tonight but we got us a planwe are all going out tonight in case you wanna know
raise your glass with me forget the heartache
we are all going out tonight in case you wanna know we'll meet you thereSydney town, at the bar with the gang
drinking whiskey whenever we can!
passed out again and not feeling so well
Gordy and Nigel trashed the hotel!
I said Gordy and Nigel trashed the hotel!we are going out tonight in case you wanna know
raise your glass with me forget the heartache
we are going out tonight in case you wanna know we'll meet you there(instrumental)we are going out tonight in case you wanna know
raise your glass with me forget the heartache
we are going out tonight in case you wanna know we'll meet you therewe are going out!!
we are going out!! (ooh, yea!)
we are going out!!
